

Role cards and cases: **MONEY MATTERS**

Candidate A and B: Read your role cards first and think about questions and arguments you could use in the dialogues.

You have **5 minutes** time to prepare for the conversation and are allowed to use a dictionary. You can make some notes (but just a few!). Afterwards, have a conversation with your partner for about **7 minutes!**

If possible, you could make a Whatsapp phone call for example with one of your classmates and do the dialogue to practice and repeat new words. Decide with your partner who is candidate A or B.

Another option is to write down a complete dialogue between candidate A and candidate B. It's up to you! Have fun! WL 😊
